

Why are the numbers for  
male survivors so low?

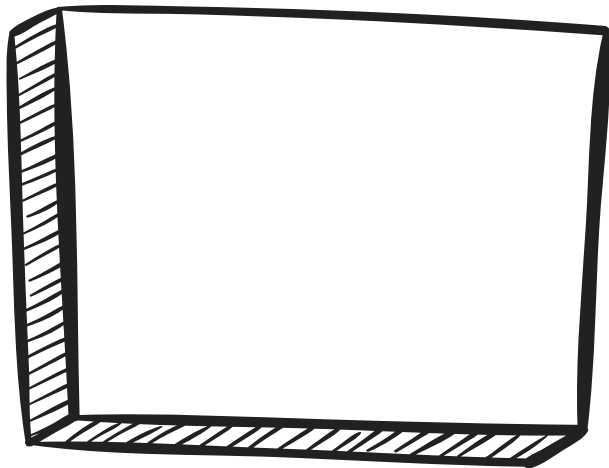

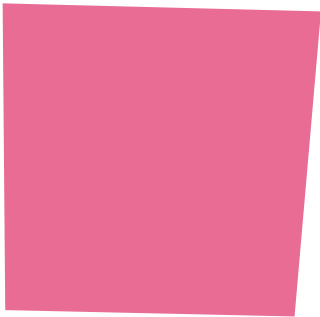

They think that  
no one will  
believe them

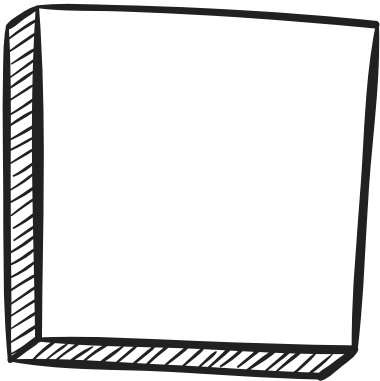

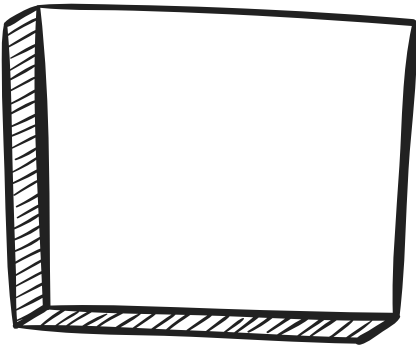

They believe it is a  
personal matter

They think their  
experience is not  
important  
enough to report

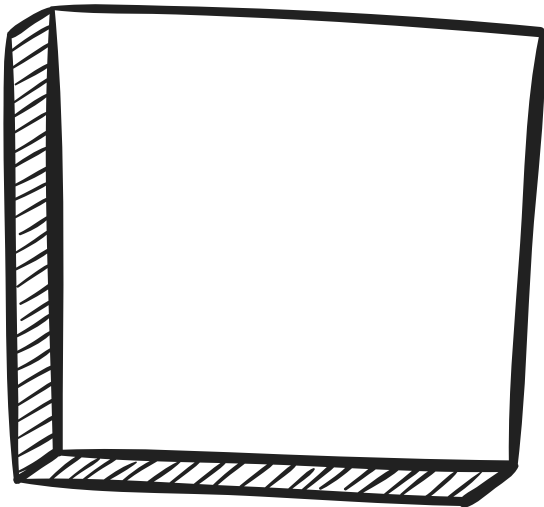

They think their  
report will be ignored

\*This is not an exercise

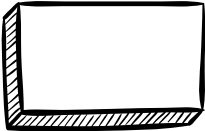

They're scared of  
retaliation from  
their abuser

Statisticians don't accurately report the number of men who are survivors because of the low number men who report

not

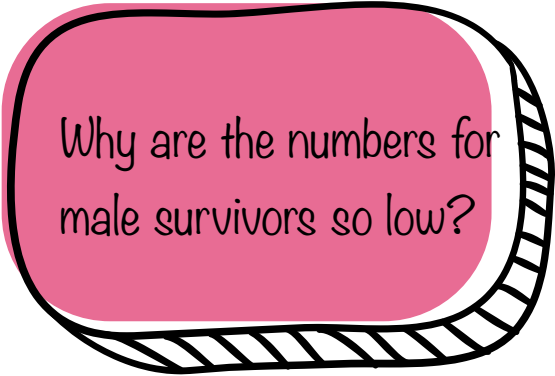

# 23%

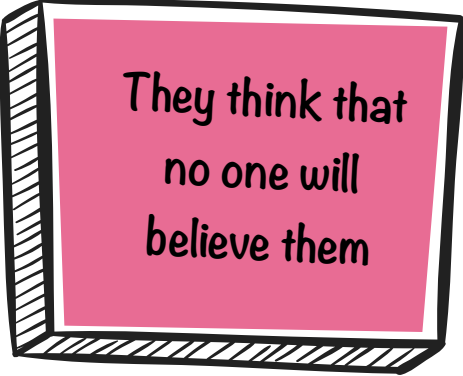

Sexual assaults are reported to the police

According to RAINN
